1309 E. 10th St., Bloomington, IN 47405

ACADEMIC EMPLOYMENT

Indiana University, Kelley School of Business Assistant Professor of Operations and Decision Technologies	Bloomington, IN 2024–Present
University of Chicago, Booth School of Business Postdoctoral Principal Researcher	Chicago, IL 2021–2024

EDUCATION

Georgia Institute of Technology Ph.D. in Operations Research M.S. in Statistics B.S. in Industrial and Systems Engineering B.S. in Discrete Mathematics	Atlanta, GA 2021 2020 2015 2015
--	---

RESEARCH INTERESTS

Data-driven decision making, Operational issues in the public sector, Simulation optimization

PUBLICATIONS

Journal Publications

1. Y. Zhou, S. Andradóttir, and S.-H. Kim. (2024). “Selection of the Best in the Presence of Subjective Stochastic Constraints,” *ACM Transactions on Modeling and Computer Simulation*, **34**(4), Article No. 22.
2. Y. Zhou, S. Andradóttir, S.-H. Kim, and C. Park. (2024). “Pruning Inferior Systems Using Subjective Constraints with Sequentially Added Thresholds,” *Sequential Analysis*, **43**(2), 248–274.
3. A. Alwan, B. Ata, and Y. Zhou. (2024). “A Queueing Model of Dynamic Pricing and Dispatch Control for Ride-Hailing Systems Incorporating Travel Times,” *Queueing Systems*, **106**, 1–66.
4. Y. Zhou, S. Andradóttir, S.-H. Kim, and C. Park. (2022). “Finding Feasible Systems for Subjective Constraints Using Recycled Observations,” *INFORMS Journal on Computing*, **34**(6), 3080–3095.

Conference Proceedings

1. T. Kim, S. Andradóttir, S.-H. Kim, and Y. Zhou (2024). “Finding Feasible Systems in the Presence of a Probability Constraint,” *2024 Winter Simulation Conference (WSC)*, Orlando, FL, USA, pp. 3415–3422.
2. C. Park, S. Andradóttir, S.-H. Kim, and Y. Zhou (2024). “Finding Feasible Systems for a Stochastic Constraint with Relaxed Tolerance Levels,” *2024 Winter Simulation Conference (WSC)*, Orlando, FL, USA, pp. 467–476.

3. Y. Zhou, S. Andradóttir, and S.-H. Kim. (2020). “Identifying the Best System in the Presense of Stochastic Constraints with Varying Thresholds,” *2020 Winter Simulation Conference (WSC)*, Orlando, FL, USA, pp. 2812-2820.

PREPRINTS

1. B. Ata and Y. Zhou. (2025) “Analysis and Improvement of Eviction Enforcement.”
2. Y. Zhou, S. Andradóttir, S.-H. Kim, and C. Park. (2025) “Indifference-Zone Relaxation Procedure for Finding Feasible Systems.”
3. T. Kim, S. Andradóttir, S.-H. Kim, and Y. Zhou. (2025) “Feasibility Determination for Subjective Probability Constraints.”
4. B. Ata, C. Hannigan, and Y. Zhou. (2023) “An Analysis of Pretrial Detention and its Unintended Consequences.”
5. B. Ata, J. Friedewald, Y. Hu, C. Randa, and Y. Zhou. (2024) “Structural Estimation of Kidney Transplant Candidates’ Quality of Life Scores: Improving National Kidney Allocation Policy Under Endogenous Patient Choice and Geographical Sharing.”
6. B. Ata, R. Hester, LW. Wein, and Y. Zhou. (2024) “Analyzing the Effects of Judicial Rotation on Criminal Sentencing: An Operations Management Perspective.”

WORKING PAPERS

1. “Balancing Cost and Food Waste: Socially Responsible Inventory Management in Omnichannel Supermarkets,” with S. Naeem and R. Parker.
2. “Characterizing Feasibility-Optimality Tradeoffs via Ranking and Selection with Subjective Constraints,” with S. Andradóttir and S.-H. Kim.
3. “Finding Feasible Combinations of Army Aviation Assets in the Presence of Subjective Constraints on Mean and Probability,” with T. Kim, S. Andradóttir, and S.-H. Kim.
4. “A Spatial Queueing Framework for Resource Allocation with Strategic Customer Behavior,” with B. Ata, J. Friedewald, Y. Hu, and C. Randa.

WORKING PROJECTS

1. “Clean Slates and Lasting Scars: Assessing Reintegration and Policy Design under Colorado’s Clean Slate Act,” with M. Zhang and Y. Lee.
2. “Adaptive Dose Optimization Across Multiple Populations in Basket Trials,” with O. Yapar and L. He.
3. “Improving Inspection Resource Allocation to Control Organizational Misconduct,” with F. Petersen and R. Shah.
4. “Transformer-Based Next-Step Prediction for Queue Length Distribution,” with J. Di, J. Lu, and R. Wu.
 - Short version accepted at *NeurIPS 2025 ML×OR Workshop*.

PROFESSIONAL SERVICE

- Journal reviewer for *Operations Research, Manufacturing & Service Operations Management, INFORMS Journal on Computing, Sequential Analysis*.
- Conference reviewer for *Winter Simulation Conference 2024*.
- Session chair for *Winter Simulation Conference 2024*.
- Co-track chair for *Winter Simulation Conference 2025*.

TEACHING EXPERIENCE

Indiana University

Instructor

BUS-P429: Operations Processes

Spring 2025, Fall 2025

Georgia Institute of Technology

Head Teaching Assistant

ISYE 6420: Bayesian Statistics

Spring 2019 – Spring 2021

Teaching Assistant

ISYE 6225: Engineering Economy

Fall 2018

ISYE 4232: Advanced Stochastic System

Spring 2018

ISYE 6334: Operations Research for Supply Chains

Fall 2017

ISYE 3044: Simulation Analysis and Design

Summer 2017

TALKS

- “Adaptive Dose Optimization Across Multiple Populations in Basket Trials”
 - INFORMS Healthcare Conference, Raleigh, NC, 2026 (scheduled)
- “Improving Inspection Resource Allocation to Control Organizational Misconduct”
 - INFORMS Healthcare Conference, Raleigh, NC, 2026 (scheduled)
- “An Analytical Framework for Assessing the Impact of Policy Changes to the Kidney Allocation System Under Endogenous Patient Choice”
 - INFORMS Annual Meeting, Atlanta, GA, 2025
 - INFORMS Healthcare Conference, Raleigh, NC, 2026 (scheduled)
- “Finding Feasible Systems for a Stochastic Constraint with Relaxed Tolerance Levels”
 - INFORMS Applied Probability Society Conference, Atlanta, GA, 2025
- “Improving National Kidney Allocation Policy Under Endogenous Patient Choice and Geographical Sharing”
 - POMS Annual Conference, Atlanta, GA, 2025
 - INFORMS Healthcare Conference, Raleigh, NC, 2026 (scheduled)
- “Finding Feasible Systems in the Presence of a Probability Constraint”
 - Winter Simulation Conference, Orlando, FL, 2024
- “Analyzing the Effects of Judicial Rotation on Criminal Sentencing: An Operations Management Perspective”
 - INFORMS Annual Meeting, Seattle, WA, 2024

- “Analysis and Improvement for Eviction Enforcement”
 - MSOM Conference, Minneapolis, MN, 2024
 - INFORMS Annual Meeting, Phoenix, AZ, 2023
 - INFORMS Annual Meeting, San Francisco, CA, 2026 (scheduled)
- “Finding a Portfolio of Best Systems for Subjective Constraints”
 - INFORMS Annual Meeting, Indianapolis, IN, 2022
- “Selection Problem with Varying Constraint Thresholds”
 - Winter Simulation Conference, Orlando, FL, virtual, 2020
- “Feasibility Determination with Recycled Observations”
 - INFORMS Annual Meeting, Phoenix, AZ, 2018

SKILLS

- **Programming Languages:** C++, Python, R, Matlab
- **Languages:** Chinese (native), English (fluent)
